PROJECT OVERVIEW
The School of Medicine Mission

“Improve the health of the people of California and, especially, to serve Inland Southern California by training a diverse workforce of physicians and by developing innovative research and health care delivery programs that will improve the health of the medically underserved in the region and become models to be emulated throughout the state and nation.”

and Values

Inclusion – Embracing diversity in the broadest sense and appreciating all points of view
Integrity – Exhibiting honesty and the highest ethical standards in all matters
Innovation – Pursuing organizational goals with creativity and novelty
Excellence – Demonstrating extraordinary dedication to the highest quality outcomes
Accountability – Taking responsibility and ownership
Respect – Showing consideration and appreciation for others
SCHOOL OF MEDICINE EDUCATION BUILDING II

PROJECT MISSION AND GOALS

The School of Medicine Education Building II

- Will provide adequate space for the School of Medicine MD Program to grow to a class size of 125, and a total student population of 500
- Will create a “home base” that is welcoming to not only faculty, students, and staff, but also to the community
- Will facilitate interaction, help build synergies and partnerships, and support student success
- Will provide flexibility for the future needs and growth of the School of Medicine by providing appropriate spatial configurations and adaptability
- Will create a central core of School of Medicine facilities by connecting the new ED2 building to the existing ED1 facility and future spaces reconfigured within neighboring Orbach Library
- Will bring people together, cross boundaries and increase the health and well-being of people in Southern California
